

## **Dreams & Whiskey**

© 2024

Lyricist: Elizabeth Nilges

Highway bound, feet on ground  
I hit the road, thumb in the air  
Highway, please take me anywhere  
far away from here, I don't care  
To many memories here, where  
At this point I don't even care

Dreams and whiskey are all I need  
Dreams and whiskey set me free  
Peaceful, I lay in the night air  
Wondering where you are up there  
Now take me back to yesteryear  
To have a moment with you here

I'm walking 'round in the wind  
Knowing this highway won't end  
No, not sleeping through the night  
I close my eyes; and hold you tight

No bath for days, in a haze  
And no, it's not just a faze  
Feel freedom under my feet  
Hearing only your heartbeat

Yeah, just whiskey in my flask  
Watching the cars and trucks pass  
Your bike rumbles, I almost hear  
I turn around but you're not there

Dreams and whiskey are all I need  
Dreams and whiskey set me free  
Flask in my hand, thumb in the air

Wondering where you are up there  
Now take me back to yesteryear  
To have a moment with you here

Dreams and whiskey are all I need  
Dreams and whiskey set me free  
Dreams and whiskey are all I need  
Dreams and whiskey set me free  
Dreams and whiskey...  
... set me free
