

Makai Side

Lyricist: Linissa Olsen

Dreaming in the land of backward time
when your beautiful face was all mine
where the ukulele plinks with thunder
feel the grounds heartbeat from under

Oh honey I, I will be waiting it's true
on the Makai side, Makai side for you
Strength, with no fear, and meaner than mean
Sparkle donkey and a little bit of green

I still watch the waves crash on the shore
I miss you more than any breath I had before
I'm in heaven now, making dreams come true
I'm in heaven now watching over you

Oh honey I, I will be waiting it's true
on the Makai side, Makai side for you
Strength, with no fear, and meaner than mean
Sparkle donkey and a little bit of green

I'm not lost, I'm sitting here with my beer
I will hold you again one day my dear
But you have a life to live, so not too soon
Honies mucho grande my Sabrauna Moon
Ride the ride, I'll be waiting on the other side
Get em' on the Makai side, where we're tied
Werewolves, sriracha and mayonnaise forever
In time, you and me, we'll be back together

Oh honey I, I will be waiting it's true
on the Makai side, Makai side for you
Strength, with no fear, and meaner than mean
Sparkle donkey and a little bit of green

I'm still with you, I'm sorry I left too soon
Think of me when you play this tune
I didn't get to say my goodbye
But all will be ok...
... please don't cry
