

The End of the Tunnel

Lyricist: Alain Levac

There are people on earth
Who know about their worth
They don't like misery
When it goes bad you see
The troubles they can't ignore
Don't want to fight anymore
Or let themselves feel defeated
Can't let yourself be cheated
Or you'll be pushed around
No, don't let yourself down

The end of the tunnel
The end of the tunnel
The end of the tunnel
Oh... the end of the tunnel

If ya dealing with problems
People you love will help ya solve them
listen and help you
It's good to talk about it too
But if ever you refuse
And hide away your refuge
You won't feel like making it
To the end of the pit

So don't forget in the end
Life warned you well my friend
You're guaranteed that funnel
To leave thru the end of the tunnel

The end of the tunnel
The end of the tunnel

The end of the tunnel
Oh... the end of the tunnel

The end of the tunnel
The end of the tunnel
The end of the tunnel
