Lyricist: Cleveland Garrett

We're so compatible... mmm, yeah  
Yes, we're so compatible... mmm  
listen baby...

Girl, we're in it for the long haul  
We love one another y'all  
I'm the happiest guy in the world  
Cause God gave me you, girl  
You're the fresh air that I breathe  
Oh baby, you're all I need  
I love you more everyday  
Yeah, forever and for always

Now I'm so glad that you're mine  
my baby you're so doggone fine  
Yea, we're a lovely couple  
And our love will never crumble  
I'm so happy that you're mine  
you're love's better than fine wine  
And we're a lovely couple  
Yeah, we're... we're so compatible

We're made for one another  
We'll always be together  
God gave us this love  
He sent you from up above  
Baby, I will never hurt you  
And that's the honest truth  
You're the only girl for me  
I thank the Lord every day  
when I'm down on my knees

I'm so glad that you're mine

my baby you're so doggone fine  
Yea, we're a lovely couple  
And our love will never crumble  
I'm so happy that you're mine  
you're love's better than fine wine  
And we're a lovely couple  
Yeah, we're... we're so compatible

I know you love me  
Our love was meant to be  
There's no doubt in my mind  
That our love is stronger than time  
I told you from the start  
That our love won't fall apart  
Our love we never question it  
Our love we must never doubt it

I'm so glad that you're mine  
my baby you're so doggone fine  
Yea, we're a lovely couple  
And our love will never crumble  
I'm so happy you're mine  
you're love's better than fine wine  
And we're a lovely couple  
Yeah, we're... we're so compatible

So compatible baby... yeah, yeah, baby  
I said... we're so compatible  
I know from now til' forever with you baby  
... we're so compatible
